## PRESIDENT OF THE UNITED STATES.

### NATIONAL WILD LIFE WEEK—1938

By the President of the United States of America

#### A PROCLAMATION

WHEREAS one of the most important phases of the conservation of our natural resources is the protection and preservation of our wild life; and

WHEREAS this is a work in which virtually our entire citizenship can participate wholeheartedly and enthusiastically, whether resident in the large metropolitan centers, with limited access to the great out-doors, or permitted to enjoy at first hand the wonders of nature; and

WHEREAS the carrying into effect of any program for the conservation of our hereditary wild life—in the past seriously diminished and depleted by destructive exploitation and lack of proper understanding and sympathy—must enlist the support of all of our citizens if the mistakes of the past are to be avoided in the future in dealing with this important resource of incalculable social, economic, esthetic, and recreational value;

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby proclaim and designate the week beginning March 20, 1938, as National Wild Life Week and do earnestly appeal to all of our citizens first to recognize the importance of the problem of conservation of these assets in wild life, and then to work with one accord for their proper protection and preservation. To this end I call upon all citizens in every community to give thought during this period to the needs of the denizens of field, forest, and water and intelligent consideration of the best means for translating good intentions into practical action in behalf of these invaluable but inarticulate friends. Only through the full cooperation of all can wild life be restored for the present generation and perpetuated for posterity.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

DONE at the City of Washington, this 14<sup>th</sup> day of February, in the year of our Lord nineteen hundred and thirty-eight, and of the Independence of the United States of America the one hundred and sixty-second.

FRANKLIN D. ROOSEVELT

By the President:

CORDELL HULL

Secretary of State.

[Administration Order 233<sup>1</sup>]

TENURE AGREEMENTS AND LEASES FOR RESETTLEMENT TYPE  
PROJECTS

FEBRUARY 15, 1938.

1. *Purpose.*—(a) This Order provides for the necessary delegations of authority: (1) To execute and cancel tenure agreements and leases, (2) to execute waivers of restrictions in options in connection with certain tenure agreements and leases, and (3) to perform other acts in connection with tenure agreements and leases for resettlement type projects.

2. *Delegations of authority.*—(a) Regional directors, or assistant regional directors in charge of RP, when so designated in writing by the regional directors, are authorized, subject to the limitations contained in this and other pertinent Orders, to:

I. Execute Tenure Forms D-1, D-2, D-4, and D-5. In the execution of Tenure Form D-2, however, the rentals will be determined by the RP Division, Washington, D. C., upon information and recommendation to be furnished by regional directors. In all other cases, the rentals will be determined by regional directors, subject to the approval of the RP Division, Washington, D. C.

II. Approve, on behalf of the United States, Tenure Form D-3 and, subject to the requirements of paragraph 1b of AO 98 (Rev. 2)<sup>2</sup> except item (a) thereof, execute waivers of restrictions in options covering the lands being leased under Tenure Form D-3, which restrictions, among other things, prohibit during the operation of such options the sale or lease (or offer to sell or lease) of the property except to the U. S. and the FSA.

III. Execute waivers of restrictions in options when Tenure Form D-5 is to be executed, as provided in this Order, for the purpose of permitting vendors (lessees under Tenure Form D-5) to lease optioned lands to their tenants prior to the date when the U. S. acquires title thereto, and in order that such leases may terminate on a date subsequent to the date of acquisition of title to the land by the U. S., provided that: The waiver requires that any such lease will be terminated on a date not later than the end of the crop year; and the waiver requires the lease to be made expressly subject and subordinate to the options held by the FSA. Where Tenure Form D-5 is executed and the vendor (lessee under Tenure Form D-5) subleases the optioned land to his tenants:

A. The waiver may be made in favor of a person, other than a client of the FSA.

B. The lease may terminate on a date subsequent to the date of acquisition of title to the lands by the U. S. and the FSA; and

C. The lease must have been approved by the FSA.

IV. Execute such copies of Form FSA-LE 178, "Cancellation Agreement", as may hereafter be required in connection with the voluntary cancellation of leases of lessees under Tenure Forms D-1, D-2, D-4, and D-5. No "Cancellation Agreement" will be entered into unless it is to the advantage and best interests of the Government to do so. In all cases, the proportionate part of the rent

due at the time of cancellation must be paid by the lessee. Since modification of this "Cancellation Agreement" may be required in particular instances because of unmatured annual crops growing on the property, or for similar reasons, the "Cancellation Agreement" must in all cases be submitted to the regional Office of the Solicitor for approval before it is executed. Where the property is abandoned or the contract is otherwise terminated under such circumstances that the above-mentioned voluntary "Cancellation Agreement" is not executed, Form FSA-MA 138, "Cancellation Notice For General Accounting Office", will be executed. Copies of Form FSA-LE 178 and Form FSA-MA 138 will be distributed to all offices having on file a copy of the Tenure Agreement or Lease so canceled.

(b) The authority conferred in this Order upon regional directors will be construed to cover rural resettlement type projects whether or not a state RR corporation, within the meaning of paragraph 2a of AO 121, has purchased any land for, or participated in any manner in, developing such projects.

(c) The policies and procedure set forth in AO 161, latest revision, supplements, and modifications thereto, will be followed in releasing crops encumbered by the Tenure Agreements and Leases referred to in this Order. The functions indicated in AO 161, latest revision,<sup>3</sup> supplements, and modifications thereto, to be performed by regional RR officials will be performed by the appropriate corresponding regional RP officials for the purposes of this Order.

(d) Regional directors are authorized, in addition to the authority granted in paragraphs 2a, 2b, and 2c of this Order, to execute and perform all notices, consents, and other acts on behalf of the Government under Tenure Forms D-1, D-2, D-4, and D-5, in the manner and form prescribed therein. Provided, however, that the authority herein granted will not be construed to include the determination of rentals under Tenure Form D-2.

3. *Exceptions.*—(a) All delegations of authority to regional directors, as provided in this Order, in paragraph 2f of AO 155 (Suppl. 1), and in paragraph 1 of AO 155 (Suppl. 2), regarding the execution of agreements and the performance of other acts on behalf of the Government and the FSA apply only to projects under the jurisdiction of the regional director. For projects under the jurisdiction of the Director of the RP Division, the authority to execute agreements and perform other acts on behalf of the Government is vested in the Director of the RP Division, Washington, D. C., who may redelegate such of this authority as may be necessary.

4. *Limitations in use of tenure forms.*—(a) Form FSA-LE 161 (formerly Form RA-LE 161), Tenure Form D-1, will be executed between the Government and the lessee only after the U. S. has acquired title to the land, and:

I. Where a farm management plan has not yet been evolved and it is necessary or desirable to have the farm operated in the meantime by a client who has been selected for permanent tenure; or

II. Where a farm management plan has been evolved but no selected client is available and it is desirable to have the farm operated by a farmer who has not been selected for permanent tenure.

III. Whether or not a farm management plan has been evolved but where construction plans or construction has not sufficiently progressed to permit the execution of Tenure Form D-2.

(b) Form FSA-LE 161, Tenure Form D-1, may be modified and used:

I. Where the lessee is a client or a person otherwise entitled to rural rehabilitation and where the regional director finds that the rural rehabilitation of such lessee will be promoted by providing that the lessee shall clear, terrace, or otherwise perform minor improvements and repairs upon the leased lands and the buildings and structures thereon. In no case should the modification, herein-

<sup>1</sup> Supersedes AO 98 (Rev. 2) (Suppl. 2) and Amends. 2 and 3 thereto; and AO 98 (Rev. 2) (Suppl. 3). Modifies par. 1b (a) of AO 98 (Rev. 2).

<sup>2</sup> 1 F. R. 2170.

<sup>3</sup> 2 F. R. 2524 (DI).

after provided for, be used when the sole purpose is to avoid the expenditure of appropriated or allotted funds for the improvements in question. Where the modification provided for is used, the value of such repairs, clearing, terracing or other improvements shall be taken into account in fixing the rent. In this situation, the following paragraph will be substituted for paragraph 5, page 4, of Form FSA-LE 161:

"5. The Lessee shall utilize the pasture and woodland, and plant, cultivate, and harvest such crops and conduct such livestock, dairy and poultry enterprises on said Property as are in accordance with approved farm organization, management and practices of good husbandry. In order to further the rehabilitation of the lessee and maintain the property for efficient farming operations, the lessee agrees to conduct such farming operations and make such improvements on said property in accordance with the provisions of such farm management plans as may be prescribed by the Government."

(c) Form FSA-LE 162 (formerly Form RA-LE 162), *Tenure Form D-2*, will be executed between the Government and the lessee only after the U. S. has acquired title to the land and for a term of approximately five years:

I. Where a farm management plan has been evolved and an approved client has been selected; and

II. Where construction plans or construction is sufficiently advanced to permit the execution of a lease for a term of approximately five years.

(d) Form FSA-LE 163 (formerly Form RA-LE 163), *Tenure Form D-3*,<sup>1</sup> will be executed between the vendor and the lessee only where the U. S. has not yet acquired title to the land and for a term running to the end of the crop year, or until such time as title to the property is acquired by the U. S., whichever period is the shorter, and:

I. Where the U. S. is willing to permit the vendor to lease the land to a client, or a non-client of the FSA or a low-income farmer.

(e) Form FSA-LE 164 (formerly Form RA-LE 164), *Tenure Form D-4*, will be executed between the Government and the lessee prior to the date of acquisition of title to the land by the U. S., will become operative upon acquisition of title, and:

I. Where it appears desirable to insure continued occupancy of the tenant to the end of the crop year, after the tenancy under *Tenure Form D-3* has terminated by reason of acquisition of title to the land by the U. S.

(f) Form FSA-LE 165 (formerly Form RA-LE 165), *Tenure Form D-5*, will be executed between the Government and the vendor prior to the acquisition of title to the land by the U. S. and will become operative upon acquisition of title and will terminate on a date not later than the end of the crop year, and:

I. Where it appears that title to the land may be acquired by the United States during a crop year and it has been administratively determined that developmental work thereon will not be undertaken during the crop year, and the U. S. is desirous of making such provision as will permit the present owner or his tenants to cultivate the land in order that the land will not remain idle for the entire crop year; or

II. Where it appears desirable to insure continued occupancy of the land to the vendor to the end of the crop

<sup>1</sup>In order to correct an error in paragraph 3, page 3, of Form FSA-LE 163, *Tenure Form D-3*, approved 1/26/37, regional directors or assistant regional directors in charge of RP, when so designated by regional directors, executing waivers of restrictions in options, as provided above, will see that in all cases where *Tenure Form D-3* is used, paragraph 3, page 3, of that document reads as follows:

"The Lessee shall pay to the Lessor for said premises rent at the rate of \_\_\_\_\_ dollars (\$\_\_\_\_\_) per \_\_\_\_\_, payable as follows:"

[Memorandum No. 748]

**AUTHORIZING USE OF LAND ACQUIRED FOR RESETTLEMENT PURPOSES IN ACCORDANCE WITH PROVISIONS OF TITLE I OF BANKHEAD-JONES FARM TENANT ACT**

FEBRUARY 14, 1938.

Pursuant to the powers vested in me by the Bankhead-Jones Farm Tenant Act, it is hereby ordered as follows:

1. Upon determination by the Administrator of the Farm Security Administration that any land acquired by the United States for resettlement purposes (except lands transferred by a rural rehabilitation corporation under a trust agreement or purchased out of a fund established pursuant to such an agreement) is suitable for the purposes of Title I of the Bankhead-Jones Farm Tenant Act, said Administrator is authorized to utilize said land for the purposes of said title and to authorize the making of loans for the necessary improvements thereon to such individuals and upon such terms as shall be in accordance with the provisions of said title.

2. The sale price of the land shall be the purchase price paid by the Government or the current appraised value as determined by the Administrator (or in the event that the Administrator so authorizes, by the Regional Director) whichever is lower, provided, however, that no such land shall be sold unless the County Committee shall have certified with respect thereto as required by Section 2 of said Act. There shall be added in each case the value of any clearing and developmental work performed upon the land by the Government. Where the sale price is based upon the purchase price to the Government, the price paid for various tracts in the resettlement project involved shall be so adjusted and equalized as to spread the benefits of advantageous purchases to all persons to whom said tracts are to be sold.

3. The Administrator is authorized to approve and execute such deeds and other instruments as may be necessary to accomplish the sale of any such lands. The power to execute such instruments may be redelegated by the Administrator to the respective Regional Directors, but without the power on the part of the Regional Directors to redelegate the same.

4. Any authority conferred upon the Administrator by this order may be exercised by the Deputy Administrator in the event of the absence of the Administrator.

## SECURITIES AND EXCHANGE COMMISSION.

### *United States of America—Before Securities and Exchange Commission*

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 14th day of February, A. D., 1938.

[File No. 1-2139]

IN THE MATTER OF MISSOURI PACIFIC RAILROAD COMPANY FIVE PER CENT CUMULATIVE CONVERTIBLE PREFERRED STOCK, \$100 PAR VALUE, AND COMMON STOCK, \$100 PAR VALUE

ORDER FOR HEARING ON SUSPENSION OR WITHDRAWAL OF REGISTRATION

### I

It appearing to the Commission:

That the Missouri Pacific Railroad Company, a corporation, is the issuer of Five Per Cent Cumulative Convertible Preferred Stock, \$100 Par Value, and Common Stock, \$100 Par Value; and

That said Missouri Pacific Railroad Company registered such securities on the New York Stock Exchange, a national securities exchange, by filing on or about September 11, 1935, an application signed for the Company by William Wyer, Treasurer, with the said exchange and with the Commission pursuant to Section 12 (b) of the Securities Exchange Act of 1934, as amended, and pursuant to Rule JB1, as amended, promulgated by the Commission thereunder; and

That pursuant to Section 13 (a) and (b) of said Securities Exchange Act of 1934, as amended, and Rules KA1 and KA2 promulgated by the Commission thereunder, said Missouri Pacific Railroad Company filed on or about May 18, 1936, and on or about April 30, 1937, its annual reports on Form 12A-K for the respective fiscal years ended December

31, 1935, and December 31, 1936, both being signed for the Company by William Wyer, Treasurer; and

The Commission having reason to believe:

That Missouri Pacific Railroad Company has failed to comply with said Section 12 (b) and said Section 13 (a) and (b) and the Rules and Regulations promulgated thereunder, in that the application for registration on Form 12A and the annual reports on Form 12A-K filed by said Missouri Pacific Railroad Company contain financial statements which do not correctly reflect the true financial condition of the company and are false and misleading with respect to material facts at the time and in the light of the circumstances, in that certain financial statements of the registrant, to wit: the balance sheet dated December 31, 1934, filed with and as a part of the application for registration on Form 12A, and the balance sheets dated December 31, 1935, and December 31, 1936, filed respectively with and as a part of the annual reports on Form 12A-K for the respective fiscal years ended December 31, 1935, and December 31, 1936, fail to disclose a liability to pay the unpaid balance of approximately \$14,000,000 on a principal sum of \$15,965,201 on the part of the Missouri Pacific Railroad Company pursuant to a contract entered into between the Missouri Pacific Railroad Company and Terminal Shares, Incorporated, on or about December 31, 1930, involving the acquisition of securities of certain railroads and terminal properties by Missouri Pacific Railroad Company theretofore acquired by Terminal Shares, Incorporated; and

That said contract provided in effect

(a) that \$15,965,201 in principal amount was to be fully paid on or before January 1, 1936,

(b) that pending the time of full payment quarterly payments of \$400,000 each were to be made to the credit of Terminal Shares, Incorporated, with the Guaranty Trust Company of New York, the depository under the contract, each of which payments was to be applied first to the payment of accrued interest at the rate of 5½% of the principal amount, and second, to the reduction of that principal amount,

(c) that the Missouri Pacific Railroad Company was not to obtain title to the securities until the full amount of \$15,965,201 and interest was paid, and that if it should fail to make any quarterly payment falling due, then Terminal Shares, Incorporated, should have the right, subject to the giving of three months written notice, to shorten the time allotted for payment of the full amount of the balance then due of the \$15,965,201 and interest; and if Missouri Pacific Railroad Company should fail to pay the entire amount within the shortened period of time, then Terminal Shares, Incorporated, should have the right to sell the securities described as properties in the contract at public or private sale, and in the event the net proceeds of the sale should not be sufficient to pay the aggregate purchase price less periodic payments already made, then the Missouri Pacific Railroad Company should, upon demand, pay any balance due upon such purchase price;

and Missouri Pacific Railroad Company has taken the position that despite the occurrence of any event rendering specific performance on the part of the Missouri Pacific Railroad Company impossible, a definite liability for the purchase price and interest attached to said company under the terms of said contract; and

### II

It appearing to the Commission:

That the Missouri Pacific Railroad Company filed a petition in bankruptcy on March 31, 1933, in the District Court of the United States, Eastern Division, Eastern Judicial District of Missouri pursuant to Section 77 of the Bankruptcy Act, that the trustee in bankruptcy on April 28, 1936, gave notice of disaffirmance of the contract between Missouri Pacific Railroad Company and Terminal Shares, Incorporated, and on July 22, 1936, a Barring Order issued from the court; and

That Rule KA1 promulgated pursuant to section 13 (a) of said Securities Exchange Act, as amended, did and does require that an annual report for each issuer of a security registered on a national securities exchange shall be filed on the appropriate form prescribed therefor; and

That Rule KA2 promulgated pursuant to Section 13 (b) of said Securities Exchange Act, as amended, did and does prescribe Form 12A-K as the annual report required by Rule KA1 in the case of companies making annual reports under Section 20 of the Interstate Commerce Act, as amended, if such companies were in receivership or in bankruptcy, including proceedings for reorganization pursuant to Section 77 or Section 77B of the Bankruptcy Act, at the close of the fiscal year for which the report is made; and

That in accordance with the provisions of Form 12A-K and the Instructions and Rules and Regulations of the Commission supplemental thereto, as amended, as to the use of said Form 12A-K, in effect at the time the annual report for the fiscal year ended December 31, 1936, was filed and at all subsequent times Item 7 of said form did and does require the registrant in cases where a court order has been entered authorizing, or in cases where the trustee has, pursuant to court order given notice of the affirmation or disaffirmance of any lease or material contract of the registrant or its subsidiaries involving annual payments estimated to be in excess of 10% of gross revenues as reflected by the system income account of the registrant and its subsidiaries filed with this report, or if no such system income account is filed, then as reflected in the income account of the registrant filed with this report, to state in each case, whether

(a) such affirmation or disaffirmance has occurred, or that order has been entered;

(b) the general terms, briefly and concisely stated, of any such lease or contract; and

That the gross revenues for the fiscal year ending December 31, 1936, as reflected by the system income account of said Missouri Pacific Railroad Company and its subsidiaries in the annual report, filed on Form 12A-K for the year ended December 31, 1936, amounted to \$90,667,381, whereas the annual payments due on said contract between Missouri Pacific Railroad Company and Terminal Shares, Incorporated, for the year ending December 31, 1936, amounted to approximately \$14,000,000; and

The Commission having reason to believe:

That said Missouri Pacific Railroad Company has failed to comply with the provisions of said Section 13 (a) and (b), said Rules KA1 and KA2, and with the provisions of said Form 12A-K and with the provisions of the Instructions for said Form 12A-K and the Rules and Regulations of the

Commission supplemental thereto, as amended, in that neither the annual report filed by it for the year ended December 31, 1936, nor any amendment thereto, contains in Item 7 a statement that the court has entered an order providing for the disaffirmance of, or that the trustee has, pursuant to court order, given notice of disaffirmance of, a material contract involving annual payments estimated to be in excess of 10% of gross revenues, and in that Item 7 fails to state briefly and concisely the general terms of such contract, although on April 28, 1936, the trustee gave notice of the disaffirmance of the contract pursuant to a court order entered December 2, 1935, and although such information was required to be set forth by said Item 7 of said Form 12A-K and the Instructions thereto and the Rules and Regulations of the Commission; and

### III

The Commission being of the opinion that pursuant to Section 19 (a) (2) of said Securities Exchange Act of 1934, as amended, a hearing should be held to determine whether said Missouri Pacific Railroad Company has so failed to comply with said provisions of said Section 12 (b) and said Section 13 (a) and (b) and said Rules and Regulations promulgated by the Commission thereunder, or with any provision of either of said Sections or of any rule or regulation promulgated by the Commission under either of said Sections; and if so, whether it is necessary or appropriate for the protection of investors to suspend for a period not exceeding twelve months or to withdraw the registration of said Five Per Cent Cumulative Convertible Preferred Stock, \$100 Par Value, and said Common Stock, \$100 Par Value, on said New York Stock Exchange;

*It is ordered*, That a public hearing be held for such purpose before the officer of the Commission herein designated, beginning on the 1st day of March, 1938, at 10:00 A. M. in Room 1103 at the office of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C., and to continue thereafter at such times and places as said officer may determine; and

*It is further ordered*, That for the purpose of such proceeding, Richard Townsend, an officer of the Commission, be and he hereby is designated to administer oaths and affirmations, subpoena witnesses, compel their attendance, take testimony, and require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, and to perform all other duties in connection therewith authorized by law.

By direction of the Commission.

FRANCIS P. BRASSOR, *Secretary*.
